SOLDERING AND CLEANING PCB's IN ELECTRONICS

NEW TRENDS IN MICROELECTRONICS

SOLDER JOINT DEFECTS

BRNO, October 13, 2026
SŠ informatiky
Čichnova 23, Brno-Komín

event. code 10/26

CONFERENCE ORIENTATION:

- SOLDERING AND CLEANING IN ELECTRONICS
- NEW TRENDS IN MICROELECTRONICS
- TECHNIQUES IN REPAIRING
- SOLDER JOINT DEFECTS

PROFESSIONAL OFFER

- Conference participants will be acquainted with the latest information on above mentioned topics presented by specialist from prestigious companies.
- In a room adjacent the lecture theatre, the following company stands will be installed and professional literature and demonstration equipment will be offered there:

ADOPT SMT **AIM SOLDER EUROPE**
AMTEST GROUP **JAMI ELECTRONICS**
PAN ELECTRONICS

- Advertisement tables will be available for the conference participants and visitors, providing propagation of their own products and offer of non-used/used technological equipment and services.

THEMATIC ORIENTATION OF OTHER EVENTS ORGANIZED BY SMT-INFO:

SMT-INFO 10/27 **Brno, October 12. – 13., 2027**

CONFERENCE

- SOLDERING AND CLEANING IN ELECTRONICS
- NEW TRENDS IN MICROELECTRONICS
- TECHNIQUES IN REPAIRING
- SOLDER JOINT DEFECTS

PROFESSIONAL GUARANTOR:

SMT-INFO CONSORTIUM
e-mail: info@smtinfo.cz, smtinfocz@gmail.com
mobil: 00420-602 542 966

CONFERENCE SCHEDULE

Tuesday, October 13, 2026

8.45 - Opening, Introduction

8.50 - Wetting Balance Method – Evaluation of Surface Wettability by Molten Solder
/K. Dušek, ČVUT FEL Praha/

9.10 - New Materials for Conformal Coating and Electronic Manufacturing
/B. Gyorffy, HUMISEAL / Chase Corporation, J. Vondráček, AMTEST GROUP/

9.40 - Development of a Low Voiding Lead-free Solder Paste For High Reliability Applications
/S. Abdourahime, INVENTEC, JAMI ELECTRONICS Praha/

10.00 - Break – Coffee, Refreshment

10.20 - CLAD Technology: Digital Laser Material Deposition in SMT production
/S. Etienne, ioTech , A. Kollár, AMTEST GROUP/

11.05 - FUJI SMART FACTORY - The Future of Smart Manufacturing
/R. Kolka, AMTECH Brno/

11.30 - Implementation of A.I. in Koh Young Systems
/M. Drlík, IMT Technologies and Solutions Val. Meziříčí/

11.50 - Discussion

12.00 - Emerging Trends – Fluxless Soldering
/M. Hurban, REHM Česká republika Příbor/

12.20 - New Approach to Cleaning Electronic Assembly
/V. Sítko, PBT WORKS Rožnov pod Radhoštěm/

13.00 - Lunch

13.40 - Small Processes, Big Impact: Smart Support Technologies in SMT Production
/L. Pokorný, AMTEST GROUP/

14.00 - Alloy Type Impacting AOI Performance
/A.Sedlák, AIM SOLDER/

14.20 - Inspection System Magic Ray
/M. Javůrková, NETA SMT Brno/

14.40 - Unified Terminology Across Electrical Engineering Disciplines
/J. Křivka, ČESKÁ AGENTURA PRO STANDARDIZACI Praha/

14.55 - Impact of Thermal Relief Design on PTH Hole Filling in Wave Soldering Processes
/J. Dokoupil, FEKT VUT Brno, RESIDEO Brno/

15.10 - Discussion, Closing of Conference

Lectures will be presented in Czech or English language.
Program changes reserved.
